I would like to thank Stephen Norton of Geaux Home Buyers for the professional and courteous way he handled the purchase of our home. Upon my first call, he promptly met me at my home and we started to talk about the price and purchase of the property.

It took less than a week for an agreement to be made and we do our closing today, just two (2) weeks later. The work that Stephen has done has been nothing short of unbelievable.

All of the work from day one (1) was handled by Stephen personally and I again thank him for the speed and personal touch that he showed to me and my wife.

Anyone looking to sell home could do no better than dealing with him.
